Sir,-

Sub:- Labour - Boarding grant - Boarding Home at Udipi Coondapur 1942-43 - Part II scheme - Sanction requested.

The South Kanara District Harijan Sevak Sangh, Mangalore has applied to me for grant to two boarding homes at Udipi and Coondapur. The Collector of South Kanara reports that both the boarding homes are managed by the respective Taluk branches of the District Harijan Sevak ~~xxx~~ Sangh and they have been in existence for more than a year now. Sri K.J. Ballal, Advocate and President of the Taluk Harijan Sevak Sangh, Udipi is reported to be in direct charge of the boarding home at Udipi and Sri K.L. Karanth, Assistant, Board High School, Coondapur is in charge of the boarding home at Coondapur. The boarding home at Udipi was started on 27-11-39 and the one at Coondapur on 1-7-40. The Collector reports further that there are only two qualified pupils in each of the two boarding homes and accordingly recommends a grant of Rs. 100/- for each of the institutions.

2. In the boarding home at Coondapur, there are only two qualified pupils as reported by the Collector. These two pupils will be given individual boarding grants by me. In these circumstances, I do not recommend any lump sum grant to the boarding home at Coondapur.

3. The Collector of South Kanara reports that the boarding home at Udipi maintained 11 pupils and incurred an admissible expenditure of Rs.697-8-0 during 1940-41. The average expenditure per pupil per mensem was Rs.5-4-7. The institution is also providing midday meals for the Harijan ~~xxxxxxxxxx~~ pupils attending the Board High

School, Udipi. During 1940-41, it received a two thirds grant of Rs.123-14-0 from the District Board for the provision of the midday meals to the pupils. According to the list of boarders furnished by the Manager of the boarding home, there are eight qualified pupils in the institution now and not two pupils as reporte by the Collector. I consider the institution deserving of support and accordingly recommend that a grant of Rs.400/- may be sanctioned for the maintenance of 8 qualified pupils at Rs.5/- each per mensem for ten months in a year. The proposal may be considered as a Part II scheme and necessary provision made in the budget of 1942-43.

4. The grant may be subject to conditions similar to those specified in G.O. No.Ms.818, Development, dated 31-3-39 and also to the condition that the grant shall be reduced by the amount, if any, received for the pupils from the District Board towards the cost of midday meals.

I have the honour to be,

Sir,

Your most obedient servant,

For Commr. of Labour.

The Collector of South Kanara has not taken into account the pupils studying in High School Classes above III form in assessing the number of qualified pupils in the Boarding home. In the case of lump sum boarding grants to hostels, pupils studying in the High Schools in Classes above form III also are taken into account. There are six pupils in the boarding home who study in classes above form III, who are qualified for the lump sum boarding grant, besides the two pupils reading in lower forms, thus making up the total of eight.

The Udipi Boarding Home is managed by an influential Board ofmanagement consisting of 18 members - all of whom are reported to be members of the Taluk branch of the Harijan Sevak -Sangh. This board was constituted at a meeting of the Sangh held on 30-10-1940. Sri K.J.Ballal, the President of the Taluk branch of the Sangh, is also the President of the Board of Management. The names of the other office bearers are furnished below:

1. Sri K.Narayana Pai
2. " B.Vasudeva Rao, B.A., B.L. } Vice-Presidents.
3. " K.Jegunnatha Naik - Secretary.
4. " M.P.Deva Rao, B.A., L.T., Asst., Board High School - Warden.
5. " U.Nagappa Kamath, Merchant, Udipi - Superintendent.

The above six persons with Dr. U.S.R.Pai, M.B., B.S., (Honorary Medical Officer of the hostel) form the Executive committee of the Board of Management. Boarders are admitted into the hostel after selection by a committee constituted for that purpose. It consists of seven persons including the President, Vice-Presidents, and the Secretary of the Board of Management. It is learnt that on account of the paucity of funds, the selection committee had to turn down a good many applications for admission. Ordinarily admissions are restricted to deserving pupils of the eligibl communities whose parents or guardians live beyond a radius of five miles. There are however two pupils of Form VI among the boarders who do not fulfil the above conditions. These boys were inmates of the hostel last year and have secured promotion to the next higher classes. These boarders are reported to have been admitted into the hostel as a special case. The strength of the Boarding Home has not varied since my last letter dated 27-9-1941.

The executive committee of the Board of Management is in direct charge of the hostel. The warden, who is a teacher in the Board High School, Udipi, supervises the studies of the inmates and enforces discipline amongst them. The Superintendent looks to the proper running of the mess and the President exercises general discipline over the hostel. The hostel year is the same as the scholastic year. The hostel is closed during the Michalmas,

12

Christmas and summer holidays.

Accommodation: The hostel is housed in a spacious building in a healthy locality (Ajjarvad) in the town. The building contains three rooms and a fairly spacious hall besides the kitchen and the bath shed and has got an independent compound with cocoanut and other trees. The hostel can easily accommodate about 25 boarders.

As already reported in this office letter D.Dis.4625-40 dated 16-7-1940, the institution is financed by public subscription on which it solely depends. A statement of income and expenditure for the year 1940-41 (1st October 1940 to 30th September 1941) furnished by the President of the Board of Management is enclosed. The Boarding Home has been fortunate in securing a donation of Rs.100/- from the Madras Provincial Co-operative Bank Ltd. It might eventually prove an up hill task for the management to carry on their good work without a grant from the Labour Department.

The Boarding Home was visited by the Dt. Labour Off on 10-11-1941. An extract from his remarks is enclosed.

General:

I visited the Boarding Home on 10-11-41. All the ten boarders were present. The hostel and the surroundings had been kept tidy. The boarders appeared clean. They are keen on their studies. Personal cleanliness which is insisted upon by the Board of management has not been lost upon the inmates. A cook with a monthly pay of Rs.2/- has been employed for the hostel. There are no other servants. The boarders wash their clothes and draw water. They also help the cook by turns in cooking. I also saw some of these boarders at work in their classes. The Headmaster, where nine out of the ten boarders are reading, tells me that all the students are making satisfactory progress except in English which is their weak subject.
